

DEVELOP A PYTHON SCRIPT

Date	09-11-2022
Team ID	PNT2022TMID49099
Project Name	IoT Based Safety Gadget for Child Safety Monitoring &Notification

```
Python 3.7 (64-bit)
Python 3.7.0 (v3.7.0:1bf9cc5093, Jun 27 2018, 04:59:51) [MSC v.1914 64 bit (AMD64)] on win32
Type "help", "copyright", "credits" or "license()" for more information.
>>> print("Hello IBM")
Hello IBM
>>> print("IoT based Gadget for Child Safety Monitoring and Notification")
IoT based Gadget for Child Safety Monitoring and Notification
>>> _
```

The screenshot shows a Windows taskbar at the bottom with the search bar, taskbar icons for Chrome, Word, and File Explorer, and system tray icons for weather (27°C), network, and volume. The system clock shows 07:44 PM on 09/11/2022.
